PER REGION

Our pledge to build a better world

Throughout the year, TP continues to support One Tree Planted's reforestation efforts worldwide.

India

Planting fruit trees in marginalized states

Additional income up to 10 USD per tree per year for every farmer

Sustainable livelihoods and reduced hunger

Reduced water consumption

USA

Planting longleaf pine trees

Habitat and forest restoration

Ensures the sustainability and success of forest and habitat management

Benefiting landowners from diverse backgrounds

Philippines

Reforestation efforts within the Ancestral Domain of Indigenous communities

Sustainable livelihood to Indigenous communities

Revitalized wildlife habitat

Increased food source

Latin America

Reforestation efforts of the high Andes Polylepis forests across Argentina, Bolivia, Chile, Ecuador, and Peru

Creates and feeds headwaters of major water sources

Revitalizes the Amazon rainforest and wetlands

Contributes to the local economies

Portugal

Restoring the Leiria Pine Forest

Supports the recovery of biodiversity

Improves the health of ecosystems

Supports ecosystem's resilience

Join us as we reinforce our commitment to make the world a better place for all!
