

CEO Anti-Corruption Commitment

*“We choose Integrity:
Yesterday, Today, Tomorrow”*

TP Albania choose Integrity and as such, actively supports multiple efforts to help eradicate corruption throughout the Organization. TP Global is an early signatory to the United Nations Global Compact (UNGC) and we actively contribute to this commitment.

TP's Albania Anti-Corruption policy requires to everyone, to conduct business in accordance with certain anti-corruption principles, including that we neither make nor accept bribes, and does not induce or permit any other party to make or receive bribes on our behalf.

Our Anti-Corruption program addresses topics and arguments such as bribery, facilitation payments, political and charitable contributions, and gifts and entertainment.

Choosing the Integrity on our daily work depends on each of us, of you. It is essential to read, understand, and agree to comply with the local anti-corruption policy & program and to not be in violation of it. It is also imperative to understand your obligation for reporting actions that do not comply with this policy.
